With a busy schedule as well as professional business owner, adding something to your normal agenda is something I generally don't look forward to. In Robey's situation, this is not the case. I became aware of the potential opening for a new supervisor when the Nevada Appeal carried an article mentioning not only the new mayor, but a need to fill her position.

I have known Robey for over forty-years. Initially as a fellow Kiwanis member as well as having the opportunity to observe him as Justice of the Peace and Municipal Court Judge. His skill in presiding and overseeing the court was very satisfying to watch. As a fellow member of Carson City Kiwanis, he was always ready to participate, lead projects and programs. His "contagious smile" and effective manner was recognized by all.

When he mentioned to me his desire to apply for a position on the Carson City Board of supervisors that would be available, I was not only excited for him but Carson City as well. Robey is not only honest, but hardworking, has great character, and most importantly a "Good Man".

As a fellow citizen of Carson City and local for almost fifty years, we could not be more fortunate to have Robey selected to fill the vacancy. I expressed to him that I would be willing to clear my patient schedule if he wished for me to speak on his behalf.

I my generally not excited about local politics. As a member of our community and loving where I live, I could not be more proud to support Robey Willis as our new member of the Carson City Board of Supervisors.

You will not be disappointed in Robey's selection to the position.

Sincerely,

Thomas J. Gibbons , O.D.

Dear Board Supervisors,

I would like to respectfully endorse Robey Willis for appointment to the board. I believe Robey is the best candidate because of his great moral ethic, his experiences as Judge, his willingness to listen to the citizens of Carson. He cares about the people of Carson and the planning of the future of Carson for the betterment of the city for all ages. He has compassion for the elderly, retirees, working families and the youth of this town. He honestly cares about your families and mine. He is very well educated and knows how to work together with others to see the town move forward in a positive direction. Besides his heart for the city he is retired and has the time and energy to devote to the workings of the board. Dear Board of Supervisors,

It is with great pleasure and enthusiasm that I am writing the Selection Committee today to recommend Robey Willis for the Ward 3, Board of Supervisors appointment.

You have an important decision to make as to who will best represent the constituents of Ward 3. The people of Ward 3 deserve a Supervisor who knows the community, knows the issues impacting the community, and who will listen to the concerns of the members of the community. Mr. Willis' long standing work in Carson City as a Justice of the Peace and as a School Board Trustee and his personal qualities make him especially well-qualified and suited to be a Ward Supervisor, and the best candidate for this appointment.

I know Mr. Willis as Judge Willis as I was a Carson City prosecutor who appeared in front of him on criminal cases many times each week for more than 15 years. Mr. Willis is accessible, extremely hard-working and balanced in his decision making. He is well respected for his honesty, fairness, and neutrality. He has tremendous experience in listening to people with different opinions and perspectives and is open-minded, perceptive, and independent, which are important qualities in a non-partisan seat such as this one. Mr. Willis also has a fun, friendly personality, and easy to talk to.

In addition to his leadership, skills and refreshing personal approach, Mr. Willis is not afraid to take risks, explore all solutions and is committed to constantly striving to improve the quality of the community. Mr. Willis will be ready to go on day one and will provide strong representation for the people of Ward 3. He will be an excellent Supervisor. He has my highest recommendation for this seat, and I am excited to see what wonderful things he will do in this role.

Please feel free to contact me for any further information. Thanks for your time.

Sincerely,

Anne M. Langer

To the Carson City Board of Supervisors:

I would like to strongly recommend Robey Willis for the Ward 3 Supervisor position. Robey has been a resident of Carson City for over 40 years. He has distinguished himself as an outstanding teacher and coach at Stewart Indian School, was a member of the Carson City School Board, served as Juvenile Court Magistrate, and served as Justice of the Peace for 22 years. I believe his diverse professional background enables Robey to draw from a variety of community perspectives.

Having known Robey for four decades, I can say his reputation for dedication and commitment to the individuals and families of Carson City precedes him. Robey's involvement in Carson City has provided him direct knowledge and experience with the ever changing socioeconomic population and cultural diversity in our area. His interpersonal relationships from previous careers would be a tremendous asset as well. I believe that working in the capacity as a member of the Carson City Board of Supervisors, Robey will be fair and decisive considering the needs and challenges of our community.

In conclusion, it is my privilege to recommend you give Roby Willis top consideration for the Ward 3 position of the Carson City Board of Supervisors.

RE: Recommendation Letter, Robey Willis - Supervisor Ward 3

Dear Board of Supervisors,

We are writing this letter on behalf of Robey Willis. We first met Robey in the early 1970's. Robey was outgoing, friendly, welcoming, and treated us as if we were born and raised here. Robey obviously went back years with all of the locals at the time, but he treated everybody with kindness and compassion.

Fifty years later, we have watched Carson City grow and evolve. Through all of this time, Robey has never changed. His love of Carson City, its people, its heritage, and its future are still the same now as when we first met him. He is beloved by everybody we come in contact with, from customers in the Box Store, that we owned for many decades, to customers in our auto repair business. Robey has always had the time to meet, listen and learn from any and all types of people.

We cannot imagine a more fitting Supervisor and representative of the people in this City than Robey. It is quite possible, that there are many wills out there listing Robey as one of the people who are listed to raise young kids if anything were to happen to the parents. I know he was listed as one of ours.

You could not find a nicer human being than Robey Willis. The characteristics that make him so great, will serve the Citizens of Carson City well.

We urge you to appoint Robey Willis to the Board of Supervisors.

Kindly,

Dick & Judy Phillips

Dear Board of Supervisors:

It is with great pleasure that I write this letter of support for Robey Willis for the position of Supervisor, Ward 3. I have known Robey for over 30 years and find him to be one of the most dedicated and effective public servants that Carson City has ever known. Robey has spent over 50 years in Carson City, improving our community with his professional and public service.

I first met Robey when I began working for the Carson City Juvenile Services Department. Robey was the Justice of the Peace, and I witnessed firsthand his dedication to the youth and families of Carson City. Robey was diligent in his tireless efforts to assure that everyone he came in contact with was treated with the utmost of dignity and fairness. Not only did I know Robey in a professional capacity, but also as a friend with a shared passion for youth and sports. Our morning conversations at the gym were always focused around community issues, and it is obvious that he is passionate about Carson City and its future. It seems that everyone in town knows "The Judge," and that Robey knows everyone personally. He is well liked and gets along with everyone. He is extremely knowledgeable of the history of Nevada, and Carson City in particular, and has received numerous honors and recognitions for his continued service to our City.

Robey loves Carson City and the State of Nevada, as evidenced by his continued desire to serve, whether it be volunteering for different committees, or seeking to be an appointed official. I can assure you that his only motivation to serve as a member of the Board of Supervisors is to better our community. His knowledge and experience will bring a valuable perspective to the Board. Robey has the highest level of integrity and professionalism, and will be a team player with a wealth of expertise.

It is with great honor and without hesitation that I recommend Robey Willis for this position.

Thank you for your consideration.

Dear Supervisors:

I am writing this letter to recommend that Robey Willis be given the highest consideration to replace and fulfill the term vacated on the Board by Lori Bagwell, as she assumes her newly elected position as Mayor of Carson City.

I have observed Robey Willis in his role as judge for the past 15+ years, as a court observer relative to my business for 38+ years. The fact that he was re-elected multiple times by the community supports my opinion that his performance as judge was exemplary.

I was impressed not only by his consideration of fairness and appropriate consequences in each case, but his "encyclopedic" memory for names faces of the people in our community. He often recognized a defendant's family member in the court gallery and would ask the defendant how they felt with grandpa or whomever seeing them before the court for whatever offense. Most defendants would become "sheepish" with their reply. The courtroom became less intimidating to face as Robey administered justice very even handedly; always fair and in a good collaborative way with the court's attorneys. I have observed procedures in federal and state courts throughout the western states and have not seen any courts run any smoother, without undue outbursts and animosity, than Robey's court.

Robey is fair minded, logical and very involved with this community's people, projects and aspirations. He would make an excellent addition to your Board and would be a steady influence for our community in decision making. His understanding of this city's needs and wants is ideal for Carson City's future. He lives in the "correct" district for the position and would ensure a steady hand as Supervisor in completing the position's term recently vacated by Lori Bagwell.

I also know Robey as one of my closest and dearest friends in Northern Nevada and have determined he is one of the most honest, fair and intelligent people I know.

Thank you for your consideration.

Respectfully,

Dennis Justin

To: The Carson City Board of Supervisors Selection Committee for the vacant position of Supervisor, Ward 3.

Dear Selection Committee, this letter is in support and recommendation of Mr. Robey Willis for the position of Supervisor, Ward 3.

My name is Nicholas L. Paul II (Nick). My wife Deb and I have lived at 2373 Beaver Lane in Ward 3 for the past 27 years. I have been a Carson City resident since 1991, when I moved here from Las Vegas to take an administrative position at Western Nevada Community College, eventually being appointed Dean of Student Affairs until my 30 year retirement from the State of Nevada. I have known Mr (Judge) Robey Willis for many of those years.

In all my interactions with Robey, he has exhibited the most professional yet personable mannerisms desirable in his position as former Judge and esteemed citizen. I have not met any person more dedicated to the development and advancement of Carson City than Robey. It seems everyone knows him and he knows everybody by name. His skills developed in the courtroom and in the community easily translate to his ability to serve Ward 3 admirably as Supervisor, and the people within the district would greatly benefit from his service.

I can't think of any person more qualified to serve as Supervisor, Ward 3 and heartily recommend that the Selection Committee do the right thing for their constituents and for Robey by appointing him as Supervisor.

Thank you for your time and consideration,

SUBJECT: Ward 3 Supervisor's Seat

This letter is being written in support of Retired Justice of the Peace Robey Willis in regard to his application to fill the remaining term of the Ward 3 Supervisor's seat that will be vacated by Mayor Elect Lori Bagwell in January of 2021. We have known Robey for a period approaching 20 years as both a friend and neighbor; and would highly recommend he be given your utmost consideration as a candidate for this position.

Judge Willis has demonstrated his dedication and commitment to the citizens of Carson City for many years through his elected position as a Jurist and his history as an educator at the Stewart Indian School. His sense of ethics is unquestionable, and he is a man without a personal agenda; but rather one who makes decisions based on his innate sense of fairness, compassion and intelligence. He is someone who can be counted on to listen objectively to all sides of an issue, and make his decisions based on what will be best for the citizenry of Carson City. In addition, Robey possesses the ability and willingness to make decisions on complex issues; something that has been well demonstrated throughout his tenure as Justice of the Peace.

Robey brings a tremendous amount of experience within the City to the table, as he has always maintained a keen awareness of the political and social climate of his home town. His leadership and community involvement have illustrated a commitment to social causes such as the Kiwanis fundraiser for Pancreatic Cancer research and his support for Advocates to End Domestic Violence, among others. He will not be one to forget the City's history and traditions while still being supportive of progress and the expanding needs of a growing city.

Were this decision to be made through a special election, which we are not in favor of due to the added expense and applications of several viable candidates, Robey Willis would certainly get our votes and be supported by us in his campaign for election. We strongly believe that he is the best choice to assume the position of Ward 3 Supervisor among any potential candidates.

Carson City Board of Supervisors:

I write this letter to wholeheartedly recommend Robey Willis for the position of Supervisor, Ward 3, Carson City. When I learned Robey had applied for the position, I was thrilled for the citizens of Carson City. They could not ask for a better, more dedicated representative.

I met Robey when I was hired as a Deputy State Public Defender in 1998 and he was a Justice of the Peace. It was a pleasure to learn how to practice law in his courtroom. Everyone was treated fairly and with respect when they appeared in front of him. People who are appearing in Justice Court are often in very stressful situations. Whether a person was charged with a crime, facing an eviction, requesting a restraining order, or just dealing with a traffic ticket, Robey's positive attitude and thoughtful words would reassure that person that he would help guide her through the process with dignity.

While on the bench, Robey's decisions always included a healthy dose of common sense. He brought his real-life experience to the bench and used it to make sound and reasonable decisions, even in the middle of complex legal arguments. I believe this ability will make him a great asset to the Carson City Board of Supervisors when you wrestle with the important issues facing the citizens of Carson City. Robey's common sense and people skills would serve Carson City well right now, given the uncertainty and instability resulting from the pandemic.

My husband and I also own and operate a business in Carson City, Firehouse Subs. As local business owners, we are directly affected by the decisions of the Carson City Board of Supervisors. Knowing Robey would be helping to make those decisions and that he was part of the process would be greatly comforting. We trust his good judgement and know that he would use his life experiences to help maintain an economic environment in which local businesses can continue to succeed.

As long as I have known Robey, he has been very active in Carson City. Whether it is his participation in Kiwanis, the Carson City Pancreatic Awareness activities, returning the State Fair to Carson City, or the many other community activities in which he participates, it is abundantly clear that Robey truly cares about Carson City and the people who live here. If appointed to the Carson City Board of Supervisors, it is clear his love and dedication to Carson City would serve its citizens well.

Dear Members of the Carson City Board of Supervisors:

It is our pleasure to recommend Robey Willis for the appointive position for the Carson City Supervisor representing Ward 3 to fill the vacant seat on the Carson City Board of Supervisors. We recommend him to you most highly.

As a Judge Pro Tempore for the Carson City Justice and Municipal Courts, I worked with Robey Willis when he served as a Justice of the Peace/Municipal Court Judge for Carson City and I found him to be an extremely capable and outstanding judge who preserved the quality of life for plaintiffs/victims and meted out the precise justice for defendants/suspects. His way of dealing with the individuals who came before him mirrored the mission of the Board of Supervisors to 'preserve and enhance the quality of life and heritage of Carson City for the present and future generations of residents, workers, and visitors'.

After Robey Willis retired from his judgeship, he continued to exemplify his service to the community and his attention to organizational culture with great integrity in his myriad of community activities to heighten the quality of life for so many individuals in Carson City. His many attributes and skills that he possesses make him an excellent candidate as a Carson City Supervisor.

Dear Board of Supervisors,

Robey Willis comes from a long line of Justices who have ethically served the Carson City Community with distinction.

He has acted as a justice of the Peace for 22 years and has resided in Carson City since 1969. Willis knows and is familiar with local issues and needs.

Justice Willis has that rare talent of professionally exercising his authority while showing compassion and restraint when common sense dictates. This approach, in my opinion, would offer a valuable trait to Carson City's Board of Supervisors.

I believe Justice Willis could become a valuable employee of the Board and community and urge you to appoint him as a member.

Re: Ward 3 and Robey Willis

The purpose of this letter is to recommend Robey Willis to you for appointment to the vacant Ward 3 Supervisor position. In the various positions that I have occupied over the last forty years, I have been asked to write many letters of recommendations. Writing a letter recommending Robey Willis is one of the easier letters that I have had to write.

I grew up in Carson City and graduated from Carson High School in 1965. I have been a lawyer in Nevada for 43 years. In that time, I have been the elected District Attorney of Carson City and Storey County, Nevada; the presidentially appointed United States Attorney for the District of Nevada and a general jurisdiction judge in the First Judicial District Court of Carson City, Nevada. I practiced law privately for ten years and I am presently a Senior District Court Judge. I have worked with a lot of public employees and I have dealt with several different Board of Supervisors and County Commissions.

I got to know Robey Willis when he was running for the school board and I was running for District Attorney here in Carson City in 1982. We both won our offices. After that Robey became the Juvenile Master and in 1985 I became the United States Attorney for Nevada. I went to Las Vegas for that job but when I came back to Carson City, Robey was the Justice of the Peace. I appeared in front of him for about ten years. I then became a District Court Judge and we worked together for another nine years.

Robey Willis has been and will be the most conscientious public employee I have worked with in my time in government in Carson City, the State of Nevada and the Federal Government. What I like most about Robey Willis is that he has always been the same Robey Willis. He never forgets a name or a face and he is always courteous to everyone he meets. He will always be well informed on any subject with which he has to deal and no one knows Carson City and its residents better than Robey Willis. I believe that he will be an extraordinary Supervisor

It is difficult to write in one page everything good that I might have to say about Robey Willis, so if you have any questions please feel free to call me at the number set out above.

Sincerely yours,

William A. Maddox
